

Volunteer Coordinator

The NERC board is looking for a club member to fill this important position. Easy internet and email access is probably good to have but not necessary. Some sort of ability to access and use email is essential. Some familiarity with Excel spreadsheets is a good thing.

This position...

- Helps event coordinators, race directors, and the NERC board to communicate volunteer needs and opportunities to our members
- Coordinates with event/race directors and the volunteers who can fill a particular job
- Tracks volunteer names so the club can properly recognize their important contribution.
- Advises the NERC board on volunteer related topics
